

Data Capture Devices

Capture More Than Data. Capture an Edge.

Consistent Scanning. No surprises. Just scan.

How do you define a scanner's performance? By its scanning abilities—the ability to scan damaged barcodes or withstand harsh environments. Problems you don't anticipate until they happen. So why not get the most?

Zebra anticipates every challenge so you can scan anything, anywhere, no matter what. Powered by our proprietary DataCapture DNA, everything arrives prepared for duty—ready to deploy, easy to manage and made to scale.

Scan with abilities developed and refined with over 50 years of field-proven innovation—with options for every purpose and price point. You're safeguarded by a Zebra mindset that anticipates and triumphs over every challenge. No more issues. Just consistent scans.

Scanners Are Just the Start

But a complete enterprise solution should go end-to-end

Look beyond scanners. Consider intelligent mobile computers, multi-tasking tablets and steadfast printers that integrate easily, pair instantly and talk freely to one another. That's how you can make management, usage and sharing of critical information much more effective and impactful.

What makes Zebra's edge-to-edge portfolio different? Each device is strong alone. Yet together, they'll make your workers unstoppable.

Zebra DataCapture DNA

Your scanner's built-in advantage

Zebra DataCapture DNA covers every stage of your scanning journey from scanner deployment to optimization. With this level of agility, your scanners can evolve with your business needs. With advances in technology continuously accelerating, it's the software inside your scanners that determines whether they remain relevant, agile and high-performing with a strong ROI over their entire lifecycle. That's why Zebra scanners come with a built-in advantage:

Zebra DataCapture DNA.

Put DataCapture DNA to work for you with Zebra's Modular Solutions Architecture—a flexible software ecosystem with drop-in ready solutions.

Deploy

Simplify scanner deployment

- Auto-detect and program devices
- Configure at the point of use
- Don't lose existing settings if staging locally

Secure

While scanners pose a minimal security risk, you and your IT staff have additional options to protect sensitive data

- Trust the highly secure cord that connects your Zebra scanner to a PC
- Encrypt data using Bluetooth® Secure and Simple Pairing
- Count on FIPS encryption on select models

Manage

Give IT hassle-free, scanner management and insight

- Simplify fleet management with remote management and troubleshooting
- Update firmware, view stats and generate reports
- Correct small issues before they become big problems

Integrate

Empower developers to create and integrate data-intensive apps without difficulty or delay

- Create apps that do more than capture barcodes
- Pair scanners in a single step
- Develop apps faster with source code, sample apps and how-to videos

Optimize

Help workers scan and complete jobs faster

- Prioritize a barcode or simultaneously capture them all at once
- Read virtually any barcode the first time, every time
- Capture documents and auto-populate data fields

Zebra General Purpose Scanners

Data capture for every worker and environment

Jobs may differ, but workers' needs remain the same: split-second, fail-proof, error-proof scanning. Give them the scanners made to increase productivity, no matter what their environment or challenge.

DS2200 Series Handheld 1D/2D Scanner

Affordability and simplicity delivered

The benefits of 2D imaging at an outstanding value with minimal investment.

Features

- Corded and cordless models
- Attractive price point
- Backwards compatible with LS2208 cables
- Averages 21% faster for a variety of checkout tasks compared to similar competitive models*

Portfolio Differentiators

- First-time, every-time scanning on essential 1D and 2D barcodes
- Flexible charging options with presentation cradle or micro USB cable (DS2278)
- Patent pending aim line helps transition users from 1D to 2D

DS4600 Series Handheld 1D/2D Scanner

Do more throughout your organization

The versatility and scanning performance needed to keep checkout lanes, manufacturing lines and warehouses running smoothly.

Features

- Corded model
- A model for every need in your organization
- 14% faster scanning through plexiglass during checkout compared to the nearest competitor*

Portfolio Differentiators

- Class-leading decode performance
- Industry-leading working range
- Multi-Code Data Formatting and Intelligent Document Capture

DS8100 Series Handheld 1D/2D Scanner

Experience the ultimate handheld in scanning

Ideal for retailers willing to invest in increasing transactions per shift and reducing customer wait time.

Features

- Corded and cordless models
- Choice of desktop or presentation cradle (DS8178)
- Supports Digimarc™ to speed checkout
- Up to 33% faster scanning in handheld mode compared to similar competitive models*

Portfolio Differentiators

- Unprecedented performance instantly captures even the most problematic barcodes
- Exclusive dedicated on-demand power gauge (DS8178)
- PowerPrecision+ battery provides visibility into battery health (DS8178)
- Interchangeable power sources can be swapped at any time (DS8178)
- Multi-Code Data Formatting, Intelligent Document Capture and advanced features like ScanSpeed Analytics
- Virtual Tether anti-loss and AutoConfig scanner settings capabilities

CS60 Companion 1D/2D Scanner

First-of-its-kind convertible design

Easily converts between corded and cordless, hands-free and handheld operation.

Features

- One device can be used for multiple workflows
- Effortless multi-tasking with second programmable button that can be used to instantly toggle between two host applications
- Pocketable and wearable when mobility is essential
- Full-shift power with battery gauge

Portfolio Differentiators

- Cutting edge mobility with Qi inductive charging
- Split-second NFC tap-to-pair with other devices
- Multi-Code Data Formatting and advanced features like ScanSpeed Analytics
- Virtual Tether anti-loss and AutoConfig scanner settings capabilities

DS9900 Series Hybrid Handheld/ Hands-Free 1D/2D Scanner

One-of-a-kind hybrid design

Maximum flexibility and superior comfort, designed to boost productivity at the POS.

Features

- Hybrid design offers handheld and hands-free flexibility
- Supports Digimarc™ to speed checkout
- Elevated electronics protect the device from casual spills

Portfolio Differentiators

- Unprecedented performance instantly captures problematic barcodes
- High performance swipe capability with rapid-fire 240-inch/second swipe speed
- Patent-pending, capacitive touch and motion sensors instantly switch to handheld mode when scanner is picked up
- Multi-Code Data Formatting, Intelligent Document Capture and advanced features like ScanSpeed Analytics
- Optional RFID model for reading RFID tags on apparel and fine jewelry

DS9300 Series Hands-Free 1D/2D Scanner

The little presentation scanner with big functionality

Offers a fit-anywhere form factor coupled with stylish aesthetics.

Features

- Designed for hands-free scanning but can be handheld
- Compact form factor ideal for limited real-estate at the checkout counter

Portfolio Differentiators

- Instantly captures problematic barcodes
- High-performance rapid-fire 120-inch/second swipe speed
- Supports Digimarc™ to speed checkout
- Elevated electronics protects the device from casual spills
- Multi-Code Data Formatting, Intelligent Document Capture and advanced features like ScanSpeed Analytics

Zebra Healthcare Scanners

Zebra's advanced healthcare scanners help redefine patient care

In healthcare, there's no room for error. Zebra's scanners simplify caregivers' interactions with their patients. Scanning applications, though routine in nature to the caregivers, help prevent medical errors, improve patient safety and increase productivity. With imaging technology automating many of the caregivers' administrative requirements, caregivers can focus on the needs of the patient.

DS4600 Series for Healthcare 1D/2D Scanner

Scanning versatility for the whole hospital

A versatile healthcare scanner that does more for the whole hospital.

Features

- Corded model
- Disinfectant-ready housing can handle regular sanitizing

Portfolio Differentiators

- Unprecedented performance reads tiny, reflective, and curved barcodes on medicine vials, IV bags, syringes, specimen slides and more
- Night mode avoids disturbing patients
- Green LED aimer avoids triggering PTSD episodes and is safe for use everywhere in the hospital

DS8100 Series for Healthcare 1D/2D Scanner

Improve caregiving

Seamlessly integrate into existing workflows.

Features

- Corded and cordless models

Portfolio Differentiators

- Unprecedented performance reads tiny, reflective, and curved barcodes on medicine vials, IV bags, syringes, specimen slides and more
- Housing devoid of speaker holes, exposed screws, and overmold is easy to clean
- Disinfectant-ready housing supports the widest range of disinfectants for use throughout all your facilities
- Night mode avoids disturbing patients
- Green LED aimer avoids triggering PTSD episodes and is safe for use everywhere in the hospital
- Power sources can be swapped any time (DS8178-HC)
- Power gauge indicates when scanner needs to be charged or replaced (DS8178-HC)
- Virtual Tether anti-loss and AutoConfig scanner settings capabilities

DS9900 Series Hybrid 1D/2D Scanner for Labs

Built for life in the lab

Improve workflow efficiency and accuracy with the hybrid presentation imager built for the lab.

Features

- Hybrid design offers handheld and hands-free flexibility
- Elevated electronics protect the device from casual spills

Portfolio Differentiators

- Reads the many types of barcodes found in the lab, including small, high density barcodes and color-coded specimen trays or biopsy cassettes
- High performance swipe capability with rapid-fire 240-inch/second swipe speed
- Reads securPharm labels used to protect patients from receiving counterfeit medications
- Optional RFID model for reading RFID tags on blood bags

CS60-HC Companion 1D/2D Scanner

First-of-its-kind convertible design

Easily converts between corded and cordless, hands-free and handheld operation.

Features

- Convertible corded and cordless models
- One device can be used for multiple workflows

Portfolio Differentiators

- Disinfectant-ready housing supports the widest range of disinfectants for use throughout all your facilities
- Night mode avoids disturbing patients
- Green LED aimer avoids triggering PTSD episodes and is safe for use everywhere in the hospital
- Effortless multi-tasking with a second programmable button
- Cutting-edge mobility with Qi inductive charging
- Virtual Tether anti-loss and AutoConfig scanner settings capabilities

Specialty Scanners

Scanners that know your business

Our product design teams work alongside customers like you, observing how they use scanners in warehouses, retail stores and manufacturing plants. From our rich insights, we designed scanners built to elevate your performance.

3600 Series Ultra-Rugged Scanner

Be unstoppable with relentless performance

Takes a beating and still scans faster and farther.

Features

- Corded and cordless models
- Multiple data capture models: standard range, high density, DPM, extended range and more

Portfolio Differentiators

- Instantly captures problematic barcodes
- Highest drop and tumble specifications
- Dust proof, spray proof, waterproof, IP65 & IP68 sealing
- Built to withstand extreme heat, cold and humidity
- PowerPrecision+ provides visibility into battery health (cordless only)
- Exclusive dedicated on-demand battery gauge (cordless only)
- Versatility of a keypad and color display (DS3600-KD)
- Virtual Tether anti-loss and AutoConfig scanner settings capabilities

DS457 Fixed Mount 1D/2D Scanner

High-volume, hands-free scanning

Fast scanning from the retail POS and airport boarding gate to the manufacturing production line.

Features

- Designed for small spaces with a near-zero footprint
- Can be used as a standalone scanner or integrated into the most space-constrained self-service kiosks
- Four data capture models: standard range, high density, driver's license parsing, direct part marks

Portfolio Differentiators

- Fast response sensor shutter speed
- Unique aiming pattern: bright, central dot ensures quick, accurate scanning—even in bright sunlight

MP7000 Multi-Plane 1D/2D Scanner

Unsurpassed checkout experience in the busiest stores

Bust lines with next-generation POS scanning, color camera imaging and live video.

Features

- Digimarc™ barcode support
- Image capture capability captures images of checks, receipts, utility bills and more
- Designed to easily fit into your existing cash wrap
- Optional integrated scale and customer side scanner

Portfolio Differentiators

- Easy to deploy and service, designed with fewer components and parts
- Lowest power consumption in the industry
- Superior durability, maximum uptime and industry-best TCO
- Optional 2.3 MP color camera supports innovative applications, e.g. ticket switching and produce recognition
- Multi-Code Data Formatting and advanced features like Non-Decode Events and Selectable Label Identifiers

DS7708 Single-Plane 1D/2D Scanner

Swipe-and-go scanning simplicity

Ideal for medium- to high-volume traditional or self-checkout POS lanes.

Features

- Fixed hands-free scanner for on-counter applications
- Standard USB port for auxiliary scanner

Portfolio Differentiators

- High first-pass read rate
- Recessed window protected against marks and scratches
- Largest field of view in its class for scanning
- Power over USB—no additional power needed
- Elevated electronics protects from casual spills

Zebra Global Services

Maximize uptime and ROI

Constant, peak performance and device uptime. That's the upside of protecting your Zebra investment with our maintenance services. Eliminate unexpected disruptions, unbudgeted repair expenses and so much more. Whether you need comprehensive coverage, advanced device replacement, on-site support, assistance with technical issues and device firmware support, or visibility into your contracts, repair data or tech support cases, there's a Zebra service that's right for you. And you can optimize and customize your plan to fit your specific business-critical needs with additional flexible service enhancements that provide expedited repair and shipping, battery maintenance, device commissioning and configuration, managed services and more. Zebra's portfolio of services provides expertise every step of the way.

Zebra **OneCare**™ Maintenance Plans

Zebra plans protect the investment in the devices that run your business by maximizing predictable performance and uptime to support your critical operations and improve business outcomes.

Zebra **Signature Services**

Zebra Signature Services makes it easier to integrate new technologies into your existing IT environments and workflows. Data insights from edge technologies can open up new business opportunities, but without the right skills or resources, you could miss out on the full benefits. Zebra Signature Services gives you the expertise to optimize the adoption of edge-data solutions to run your business more productively.

Learning Services quickly brings employees up to speed with a variety of modalities like Video on Device, Know It Now, instructor-led training and virtual-led training sessions that support rapid return on your technology investments.

Software Integration creates a migration pathway for legacy mobile apps to help you quickly and cost-effectively customize mobile applications into your Zebra mobile devices, making it easier for you to manage your software.

* Service availability, Service feature and/or repair turnaround time may differ by country. Please contact your Zebra sales representative for details.

** VisibilityIQ OneCare available for mobile computers and scanners only

Zebra **VisibilityIQ** Foresight™

Provides device health and utilization insights. The insights provide historical data trending, current state health and actionable predictive intelligence on what will occur if no action is taken. Its multi-source data aggregation and machine learning algorithms deliver a consolidated solution that provides color-coded insights with threshold alerts about your device inventory.

Zebra **VisibilityIQ**™ OneCare™

Included in all Zebra OneCare maintenance plans for Zebra mobile computers and scanners. Cloud-based visibility into reports and analytics related to device repair and case trends, contract renewals, LifeGuard™ security status and more.**
